H.E. General Joseph Aoun
Commander of the Lebanese Military Forces
Lebanon

Re: Your Protection of the People of Lebanon, It is your constitutional responsibility .

Once again we find it necessary to write to you reminding you of the necessity to protect the innocent and pure people of the revolution such the youth of Keserwan who were attacked by a group of military personnel, who assaulted and destroyed the establishment from which the young protestors were carrying out their peaceful activities.

Information at hand indicates that the group of military personnel were commanded by Hezbollah and Amal movement officers. It seems that someone is trying to disturb all your efforts of keeping a united military force.

After corrupt government officials, Ministers and politicians in general have betrayed the innocent people of Lebanon and stolen the funds of the nation it is only right that the people be able to protest in order to regain their rightful position in their own country.

The protestors hold the future of Lebanon in their hands, it is imperative that they have the protection of the Lebanese Military Force to protect them.

This is a unique opportunity for the people of Lebanon to regain full control over their sovereignty and clean out all undesirable elements including Hezbollah as well as regaining their stolen monies.

We have no doubt that you have the people's interest at heart, we now need the people to be able to continue on the path of a rebirth of a new Lebanon under the protection of one Military Command.

For and on behalf of the World Council of the Cedars Revolution
