Maronite Patriarch Nasrallah Butros Sfeir said that Lebanon is facing a threat to entity and Arab identity. The patriarch added that this danger should receive attention.

The patriarch stressed, "national duty calls on all of us to be aware of what is being planned. We must work hard on thwarting all attempts that if successful could change the face of Lebanon."

He called on all Lebanese to pay attention to such dangers and to "adopt courageous stances that would further establish our Lebanese identity and maintain Lebanon as a free country filled with moral virtues, full sovereignty and achieved independence."
