Sheikh Sami Khoury, President of the World Maronite Union to CR News: "After May 8, 2008, forming any cabinet with Hezbollah won't be able to disarm the pro Iranian militia. And politicians are too intimidated to form a cabinet without Hezbollah's consent. They fear another May 7 attack. Lebanese must draw conclusions and stop living in denial. The country is under Hezbollah Terror and no politician has a any plan to free the country. This is where the debate within the Cedars Revolution must start.
